Looks like Wednesday, April 24 works best.

I will tell Pat to hold that date and also send him the information that Greg sent about the imaging device.

Subject: RE: Date for Didion NOV/FOV Conference

Wednesday the 24th would be best as my section chief isn't available Thursday the 25th in the afternoon.

Greg and Jim:
Does one of these dates work better for either of you?

Thanks!

Thanks. In regard to dates, it looks like Wednesday, April 24th or Thursday April 25th would work

best. Maybe start late morning or early afternoon.

Subject: Didion NOV/FOV Conference

Pat:

I reached out to the program engineer here and he is going to get back to me with more details/relevant materials.

I figured in the meantime, while this case is fresh in both our minds, we set up a date for the conference. I recall you mentioned the week of April 21st. Do you have a specific time that week that works best?

Thanks,

Jon Micah
